MEMORANDUM FOR INTEGRATED FACILITIES SYSTEMS (IFS) USERS

SUBJECT: Software Version Description (SVD) for IFS Software Change Package (SCP)  
A08-18-00

1. Enclosed is SCP A08-18-00, which provides an official change to the IFS baseline.
2. Acknowledgment of implementation of this change package must be made in accordance with the instructions provided in paragraph 3.6.5 of the enclosure.
3. The purpose of this SCP is to implement changes resulting from technical and functional ECP-S, as described in paragraphs 3.3.1 and 3.3.2 of the SVD, to include the addition of various Real Property Inventory Requirements (RPIR) attributes. Details pertaining to this software package can be viewed from the IFS web page at <https://ifsprod.lee.army.mil>, Products, SCP/ICP.
4. Please thoroughly review and follow the Installation Load Instructions in paragraph 3.6.3 of the SVD for directions necessary for the implementation of this SCP.
5. The SCP A08-18-00 system software will be installed on the IFS servers at the Fort Lee hosting center.
6. This paragraph certifies that subject software has been thoroughly tested, is considered a quality product, and is hereby authorized for release to a production environment.
7. There are no security implications for this SCP.
8. "One Vision, One Mission – The Warfighter".
